SO YOU THINK IT'S HOT? Bobby Cavitt (left) and Curtis Higgin out at the Fulton Ice Company often wear overcoats on days like these, as they work in 21-degree temperature around the 2,200 tons of ice in the big storage room, while rest of Fulton swelters.

Jo's Note Book
Well, Mrs. Avon French is \$80 richer this week than she was last week and what is more has solved a perplexing mystery that has plagued radio listeners for several weeks. Mrs. French answered the question "when do oysters eat" by answering that they eat by the light of the silvery moon. Thank goodness! Folks have asked us that question ever since the radio station put it on the air and the whole office has been reading reference books ever since. Enough answers were given to finally resolve that oysters never eat. Mrs. French said that her husband is a fisherman and was able to give her the information.

Mary Louise Simon Gossum, through a typographical error in the News last week had her family increased in absentee. We ran a birth announcement last week that said the mother was the former Mary Louise Simon, but it was not Mary Louise Simon. We made the mother Mary Louise, we made the father...

A new newspaper has started publication in Marion, Kentucky. The company is owned by G. Bennett Rodgers as president and the managing editor is Lyle G. Van Bussum. The new publication will undoubtedly succeed and makes no bones about its intentions. At the bottom of their attractive letterheads they have this slogan: "If you don't want it printed... don't let it happen."

The Dade Park Jockey Club between Henderson, Ky. and Evansville, Ind. opens its racing season on August 4. We mention this because many Fulton people enjoy attending the races. But more important is the fact that we would like for any of you who attend to come by the News office, and pick up some of the season's passes and club-house seats that the club sent us. The club is most generous in its invitations and since I am sure that no member of this paper will get away to attend the races, we would love for any of you who plan to go to us our free tickets.

Best story of the week was told Sunday by Exie Hill. William, her good husband has been urging their daughter Beverly to sing for William's Sunday School department at the Baptist Church. Beverly has always had something else to do on the particular Sunday that her daddy asked her to sing, but last Sunday she put everything aside, and made arrangements to sing to the class. Beverly sat on the back seat all during the session while her daddy went through his usual business. First thing you know the class was over and Beverly didn't sing a note. Her daddy forgot to call on her... and didn't realize it until after Beverly reminded him of it after the class.

REVIVAL MEET

The revival meeting will commence at the McConnell Church on Sunday, July 25th, at 11:00 a. m. Brother Claude Hall of Henderson, Tenn. will deliver the messages with Brother Avon French of Fulton in charge of the song service. Services will be held at 8:00 p. m. The public is cordially invited.

LEGION STEAMS UP 40 ET 8 TRAIN FOR CONVENTION

Smallest With The Mostest Is Fulton's Group
All aboard for Middlesboro, Kentucky, Legionnaires! This far eastern city in Kentucky is to be the sight of the Kentucky State American Legion Convention and Fulton will be there with a large delegation. The spanking brand new forty at eight "wreck" will make the trip and will leave Fulton at seven p. m. Friday for the convention city. The Middlesboro newspaper reported that the smallest vehicle in Kentucky will have the largest representation at the convention. The train will be equipped with 1000 rounds of "ammunition" and the biggest and clearest whistle of any post at the convention. That's Fulton for you!

Chef De Gare H. P. Allen is urging as many Legionnaires as possible, to attend the convention and those wishing to attend should call the club rooms at 9144 for reservations on the train. Following the state convention the train will be stationed in Middlesboro until the local Legionnaires steam it up again for the big national convention to be held in Washington, D. C. The American Legion is active, as can be this summer. Just completed was the annual horse show held on July 4th and on the agenda is the presentation of the Blackwood Brothers and the Statesmen's quartet at the ball park on August 18. Leon Hutchens is general chairman of the quartet presentation and more details will be coming from him prior to the event.

ATTEND FELLOWSHIP MEET AT CAYCE

Enjoy Impressive MYF Programs

The Sub-District meeting of the Methodist Youth Fellowship was held Monday night July 19, with the Cayce Methodist Church as host.

The meeting was opened with group singing after which Rev. Henry Webber, Pastor, welcomed the youth of the Martin district and their counselors.

A short business session was conducted by Sub-District President, Miss Sue Adams of Shar-

on.

The MYF of Cayce had charge of the recreation and refreshments were served on the lawn of the church.

The group then reassembled in the church sanctuary for a short but impressive program given by the MYF members of Cayce.

The meeting was dismissed by the MYF Benediction.

Register, Listen, And Win Free Gasoline

A new radio program, "Calling All Cars", and featuring a daily giveaway of 15 gallons of gasoline at any Pipeline station in the area, is being introduced to motorists this week over radio station WFUL, Fulton.

According to "Bill" Grooms, whose firm of J. L. Grooms and Sons is distributor for the Pipeline chain, all a prospective winner has to do is to drive in to any Pipeline station in either Kentucky or Tennessee, register his name and auto license number, and then listen to the radio program over WFUL from 11:45 to noon each day to see if his license number has been selected as the daily winner.

If it has, he must drive in to the Pipeline station that day in order to claim his free award.

MANY PRIZES OFFERED TO FULTON PUPILS

Purchase Fair Sponsors Essay Writing Contest

The Purchase District Fair will sponsor an essay contest on "How the Purchase District Fair Helps Agriculture." All school children from the eight Purchase Counties will be eligible to participate in this contest. A winner will be selected from each county and will be presented a \$5.00 prize. From the eight winning essays a first and second best will be chosen. A \$15.00 prize will be awarded the first winner and the second winner will receive a \$7.50 prize. The purchase winner will receive a total of \$20.00 in prize money. The prize will be presented at the Fair on Governor's Day which is Thursday, August 18. The essays should not exceed three hundred words and must be in the hands of the judges not later than August 10. When the essays from Fulton County are complete they should be handed or mailed to John P. Wilson at the Production Credit Office at Hickman, Kentucky, who will forward them to the judges. A winning essay will be selected and then forwarded to Mayfield where a "grand winner" will be chosen.

Fair In The Windows Planned For This Fall

Plans for the annual Fulton "Window Fair" were completed Monday at a special luncheon meeting of the "Window Fair" Committee of the Chamber of Commerce, the Retail Merchants Bureau and Home Demonstration Agents from the surrounding counties.

Thursday, Friday and Saturday, October 21st through 23rd, were the dates selected for this year's "Fair." The code of rules and regulations adopted last year were approved almost in their entirety by the committee, and will be followed again this year by "Window Fair" participants. The "Window Fair" participants will be displayed throughout the city to enable Fulton visitors to locate the window displays.

Community Concerts Dates Are Announced

Mrs. Hendon Wright, secretary of the Community Concerts Association announced today that concert dates for next season have been confirmed by Columbia Artists.

The dates and the artists who will appear are:

November 22, Wesley Delton, tenor; February 27, Sunday matinee, Mario Braggiotti, pianist; March 20, Sunday matinee, The Angelinos, a group of five harpists.

All concerts will be held at the South Fulton School auditorium.

Diary of Doin's

—Around Fulton—

A News Reporter writes social happenings about you and your friends.

There's so much happening around these parts that the Diary just puts the paper in her typewriter and lets the stories "write themselves." But perhaps the story that claims the most prominence for this week is the reunion of the Callahan-Hawes-Meacham families. For a couple of weeks, now, the members of that "clan" have been arriving in Fulton from every way that the crow flies.

First came Lois Jean and Rodney Miller and two little girls, Meredith and Allison of Glenn Falls, N. Y., Mary Lee and Clayton Lyons and little son, Tommy, of Lakeland, Fla., for a visit with their mother, Lois Callahan Hawes at her home in Highlands. Then last Friday Dr. Thomas and Wilda Callahan and their three youngsters, Carol, Lynn Thomas, Jr., and Bill of Silver Springs, Md. arrived for a visit with Thomas' sister, Sara Callahan Bushart and Dr. Ward Bushart on Third Street. Bertie Sue Meacham of Washington came along with the Callahans and is here for a visit with her parents, Maxie and Dudley Meacham in the Highlands. Sunday evening around five o'clock the last members of the family arrived from Jacksonville, Florida. They were Searcy and Peggy Callahan, their daughter, Patsy and husband Richard Dennis. Searcy and Peggy are visiting his mother, Mrs. Bertie Howard in the Highlands while Patsy and Richard are conveniently just across the road at the Dudley Meacham's. Sunday night Maxie, Dudley and son Dick entertained the 28 members of the family with backyard supper at their home. Believe me, there must have been many "tall tales" going around that group (knowing them as this reporter does) and frankly, we're wondering who told the best one. It was a wonderful reunion and we know these families will have many happy times during the next few days. There is only one member, Tommie Callahan, Searcy and Peggy's son, who was unable to attend. He is in school in Atlanta.

ing visitors in town the earlier part of the week. They were Lola Lewis Holleman of Little Rock, Ark., and Colonel and Mrs. O. I. Hohman of San Antonio, Texas. None of us remember Mrs. Holman as the former Marie Lewis. Marie and Lola moved from Fulton several years ago but they still claim it as "home." While in town they visited many old friends. Mayme Bennett and Hazel Scruggs entertained them on Sunday evening. Their stay was a short one as they were enroute to Pass Christian, Miss.

Mrs. Ina Little and Mrs. Fannie Ezell of Paducah had a very interesting trip recently. The two friends sailed from San Francisco on the Luxury Liner Lurline for Honolulu for a twelve day visit there. The two ladies enjoyed the boat trip without one minute of seasickness, which is far more than a lot of people can boast of. While in Honolulu they took a trip by air over to Hilo, Hawaii and other interesting places which proved to them that the islands deserve the name of "Paradise Islands."

WARREN'S FEES HIT AT IN BILL CHARGING PERJURY

Grand Jury Indicts Vice President Of Russell and Axon

Another official of the Russell and Axon Engineering firm of St. Louis has been charged with perjury by a Springfield, Missouri grand jury. The indictment was returned in connection with the sewer survey project made by the firm for Springfield.

The official is Frank E. Wenger, 48, vice-president of the firm who surrendered to Sheriff Glenn Hendrix last week.

Wenger, who lives in Clayton, was charged with perjury by the jury in connection with testimony he gave before them on June 4. He was the second official of Russell and Axon to be indicted by the jury.

Public relations engineer Jess Russell was indicted several weeks ago on charges of bribery and perjury.

Judge Collinson set Wenger's bond at \$2000 and it was posted by professional bondsmen, Roscoe and Kirby Patterson, Wayne Walker and Ray Daniel are his attorneys.

The true bill, unusually long, charged that Wenger gave, material "which he well knew to be false," cost him two checks, one for \$125.00 and one for \$14,404.47 because he indicated to the jury that they were, for legal services performed by Warren

Vermillion said he saw a number of friends, who are behind the movement, are seeking an "unlimited number of signatures." Five hundred petitions with spaces for 25 signatures on each have been printed, he said. Vermillion added that any person who wants to carry or sign a petition should contact him.

The signed petitions will be presented to Gov. Phil M. Donnelly.

Wenger's case is set for the September term of circuit court. The check for \$15,407.70 to Warren, in question, was — as (Continued on Page Four)

BARBECUE SUPPER

There will be a barbecue supper at the Cayce Methodist Church Friday night, July 23 at 6:30. Everyone is invited and plates are \$1.25. The menu features barbecue, fried chicken, salad or slaw, homemade cake, ice cream and a drink.

Mrs. C. H. McDaniels, Susan and Terry are in Milwaukee, Wis. at the bedside of her father, who is ill.

Million Dollars Rain Falls In County And Drought Fear Ends

A million dollar rain fell on Fulton County Wednesday and Thursday of this week, John Watts, County Agent told the News on press day. All areas of the county received a good rain-fall and in many sections at least an inch of rain fell to save the crops from a drought that was approaching the critical stage.

Mr. Watts, who has just returned from Fort Collins, Colorado where he took a short course, in extension, said that the farmers in Fulton County will harvest a good crop as a result of the rain and at least two or three inches more is needed to make this year's harvest a bumper one.

"The lack of moisture has not been as dangerous as the extremely high temperatures," he said. "In some sections of the county 110 degrees have been recorded in the sun on some farms," he added.

The wheat crop has been harvested in Fulton County and was a good crop, Mr. Watts said. Suffering most from the lack of rain and the high temperatures has been the pasture crops and the soybeans. Many farms have lost a good portion of their soybean crop, but others can be saved with the rain that fell on the two days. Mr. Watts and other farmers in the county were optimistically eyeing the cloudy skies on Thursday hoping for the two or three inches more needed to remove the fear of bad crops from the county farmers.

Strawberry plants put out in the Spring were suffering badly from the lack of rain. Of the 112 acres set out in the county about 25% were lost, however, the County Agent said, that the rain will no doubt save the acreage damage from the intense heat and dry spell.

In the cotton lands of the county the heat has helped the crop and from all indications it will be a good one, unless summer infestations appear.

As required by law, the Secretary of Agriculture prohibited wheat quotas subject to a grower's referendum. At least two-thirds of the eligible farmers who

W. H. Harrison, chairman of Fulton County ABE Committee, urges that all eligible wheat growers go to the polls and vote, with all other growers of the Nation, in the wheat referendum Friday, July 23, 1954.

As required by law, the Secretary of Agriculture prohibited wheat quotas subject to a grower's referendum. At least two-thirds of the eligible farmers who will have in excess of 15 acres of wheat for harvest as grain in 1955 is eligible to vote in the referendum.

Wheat farmers should study the situation carefully, make their decision with full understanding, and then be sure to vote. It is an important decision and it's their decision.

The meeting is open to all farmers and interested businessmen in the Fulton trade area. The demonstration will begin at one o'clock in the afternoon and will continue for several hours. Refreshments will be served by the committee at about 4:00 o'clock.

Out-of-town speakers and the names of those who will conduct the demonstration will be announced later.

DRIVER PERMIT DEADLINE NEAR

Less than two weeks remain for some 400,000 Kentucky motorists, whose last names begin with "A" through "K", to obtain their new drivers' licenses. Their present licenses are not valid after July 31.

Circuit court clerks throughout the state report that licenses renewals are lagging far behind those of previous years.

The fee for the two-year license is \$2. The driver must appear in person at the clerk's office, and complete a new application form, or, if the license is purchased through the mail, the application must be notarized.

Drivers in the "L" through "Z" name group purchased their licenses last year. They expire July 31, 1955.

If a person is applying for his first driver's license in Kentucky, he will be required to pass the driver's examination given by the State Police Examiner, or surrender a valid out-of-state license, to show that he is a qualified driver.

The event is open to the public. Misses Jane White and Mary Davis Weeks are assisting the entertainment committee of the Country Club in arranging the program.

A mid-summer entertainment will be held at the Fulton Country Club next Friday, July 30 at nine o'clock p. m. A floor show consisting of local talent and members of the Arthur Murray School of Dance at Paducah will be held at ten o'clock.

Mrs. Paul Jolley, an accomplished organist will play during the evening and will play dance music after the floor show.

ANOTHER NEW BUILDING IN TOWN: New plant of the A-1 Cleaners on East State Line, just opened for business this past month. Business was moved from Church Street, and is operated by Herman Easley and Pete Peterson.

Industry Looks Over Many Towns, Few Are Chosen

Many of you know that Clinton, Ky., which raised more than \$100,000 for a factory site for the Brown Shoe Company, has been eliminated as a possible site for another factory for that firm. Many Fulton citizens made generous contributions to that fund, believing that this city would not only supply a large amount of the labor needed, but that the payrolls from a factory there would also be spent in Fulton.

We think the letter sent to the Clinton Chamber of Commerce by an official of the shoe company sets forth a situation that some local people cannot understand, when we fail to get industry. Surely Clinton did everything possible to attract the Brown Shoe Company. So did other communities. But read the letter for yourself that although many communities are investigated, only a few can be chosen.

As we said recently, this business of procuring industry is highly competitive and maintains hair-splitting precision for selecting a site of their choice.

The letter to Joe Johnson president of the Clinton Chamber of Commerce follows in part:

"You will recall in our meeting I mentioned that the most important thing was the quantity of help as well as the quality.

"There was nothing particularly wrong with Clinton as I mentioned to you in my original letter except that we felt our needs would be best suited in other locations, as we have found at the other sites we surveyed a much greater number of available people and of a very high caliber, which would make the job of establishing a factory much easier from our standpoint.

"Also, the other investigated territories are much closer to some of our other factories making comparable type of shoes. There is nothing at all that we have against Clinton, it is simply a decision which was the best location. As you can appreciate, there can only be one choice and if there are 3 or 4 towns that are being looked at, someone has to be disappointed."

Don't Tax Your Guardian Angel! Do Be Careful

For many years, 25 to be exact, we have been publishing articles in various newspapers warning vacationists, motorists, even pedestrians to be careful. We've published articles particularly to those who plan outings on such days as July 4th, Memorial Day, Labor Day week-end. Each time we ran them we wondered if we were successful in saving even one life as a result of someone having read the article. We hope we have.

Yet, we are convinced now, that caution is not a word, it should always be a frame of mind, and especially where children are concerned, and especially where there's danger of drowning.

As a parent we are always mindful, we think, of the protective custody of our children. Yet, three weeks ago our own little boy was miraculously saved from a drowning accident on Kentucky Lake. We thought, and surely we knew, we were watching him carefully. As a matter of fact, every-

body in our group was watching him. Yet in a matter of seconds he was snatched from the water by a life-guard, almost lifeless from having gone off a 12-inch step-off in the water.

We mention this horrifying experience because vacation-time is not yet over. Many of you will take the kiddies on similar outings. They will want to swim, real close to the bank. You will think that they are free from danger. . . perhaps they are, but there's always danger of accidents, no matter how careful we think we are.

Do be careful the next time you take a trip. Don't let that beloved little youngster take a chance. And don't take a chance yourself. A Guardian Angel watches over us we are sure. He was right there with our youngster. But don't overburden the angel. Give him a helping hand and save yourself the agonizing that goes with accidents and near accidents, too.

Strange Things From Strange People

It's a strange thing what strange people will do to us Kentuckians.

Time Magazine, in its four-page biography of Senator John Sherman Cooper, has sure put some unfamiliar words in the mouths of the home folks. It pictures Kentucky mountaineers using the expression that it is "hot as hackydum" and the Pennsylvanians as saying of a fine horse race, "it'll be whittledcut."

Both these expressions may be known to some Kentuckians, but they are pretty far-fetched when it comes to the average man-on-the-street. Fact of the matter, we've never heard a Kentuckian or anyone else use such

expressions. And when it comes to Pennsylvanians, those who might be referred to, call it the Pennyrile.

The writer may have become slightly confused in his provincialism. "Hackydum and Whittledcut" sound more like Tennessee.

If we Kentuckians spoke or acted like the writers for these out-of-state magazines would have it, we wouldn't even know ourselves. Fact of the matter, it's stories just like this that make lots of Easterners look puzzled when they meet a Kentuckian and find he's wearing shoes and can talk without murdering the English language.

Sermonette of the Week

Death Is But The Threshold Of Life

(By Rev. Dr. Edmond Bonard)

MOST OF US will agree readily that man's soul is immortal. But how often do we really think what those words mean?

Do we realize that once we look upon a man, whoever he may be, we look upon an immortal soul? Thousands of people pass us in the street. We sit next to them on trains and streetcars, in theatres and baseball parks. Many of them we have never seen before. Many of them we will never see again. They touch our lives briefly and then pass by and are forgotten. But not one of them will ever die. They are immortal.

HISTORIES TELL US about the millions who have lived before us. Today these figures are not a shapeless mass of statistics. Every man and woman who ever lived is living still, either in the glory of heaven with their loving God, or in the eternal separation from the presence of their just God, or in the state of waiting and purification, that preparation for the happiness of heaven called purgatory.

"The soul is immortal." Each of us

is destined to live for all eternity. The days of our life may be relatively long or short, relatively joyous or sad. Whatever they are, our days on earth are like the shadow of a cloud that vanishes with the wind's passing.

TO REALIZE our soul's immortality, then, is to realize the true scale of values; to realize the overpowering truth of Christ's words, "How is a man better for it, if he gains the whole world at the cost of losing his own soul?"

The old pagan rule of life had been, "Eat, drink, and be merry, for tomorrow we die." Then Christ came, and added, "But after death the judgement" — judgement on man's immortal soul. Under the impact of that tremendous teaching, the pagan power, throned throughout the world and supported by fleets and armies, crumbled and fell. The grandeur and might of paganism paled before Christ's teaching on the immortality of the human soul.

A MAN WHO FULLY realizes the meaning of his own soul's immortality can never live as the pagans once lived, just for a moment, just for the day, with no thought of eternity to come. In all his thoughts and actions, he acts Christian, as one who will never die, but will, one day, enjoy eternal happiness with God.

Hail the advent of each dangerous day and meet the great adventure with a song.

Kentucky Windage

By F. W.

How times change. It used to be that a man arrived at his office, removed his coat (at least in the hot summertime) and then went to work.

Was standing in the City National bank this week when Clyde Williams got up from his desk, went out the front door, did an about face, came back in again, removed his coat and then again headed out.

Of course the reason for the changing times is that nowadays, with air conditioning, one carries a coat to work and puts it on in the cool confines of the office.

Them as has air-conditioning, that is. Here at the News office we are still having to do it in the old style.

Sign in big letters, in front of a house not too far distant: "FOR SALE BY OWNER." Couldn't help but wondering who in the devil else could sell it.

The business front remodeling program continued this week, with the first floor of the Legion building at 4th and Lake, now sporting a nice-looking new brick front on the building. Another corner that will be considerably brightened by the change. Congratulations, Legionnaires.

We have had all kinds of titles for all kinds of queens for every conceivable kind of thing a queen could be elected for, but our nomination for the most dignified goes to the folks down at Bardis, Miss. They chose to call their queen "Lady of The Lake." Sure sounds a lot better than "Miss Catfish" or "Miss Bullfrog," or "Miss Sand Bot tom," doesn't it?

We are much interested in

following the problematical course of the recently announced Presidential highway building program, which Eisenhower sprang on the Annual Governor's conference last week. You may remember that he wants a 10-year plan for gradually building up a national road network for defense needs and for caring for the transport needs of 200,000,000 people. He figures that program will cost 60 billion dollars.

We are interested in following this thing, because the chances are that Fulton will in the not too distant future probably either be on a Border-to-Gulf super highway, or be bypassed by one.

When Governor Wetherby was down here last month we had an opportunity to discuss this matter of State, tell roads with him, and asked him if the State might ever be planning such a thing up and down US 51 from Cairo to Fulton. He said that no such thing was being planned at present, but that Kentucky would consider doing into such a thing if Illinois should build one from Chicago to the Ohio river. In fact such a road would probably be built with the joint cooperation of Illinois, Kentucky, Tennessee and Mississippi, if it were going to the Gulf coast, with each state agreeing to provide its link in the system.

These super-highways, and the toll roads, are extremely expensive, however, and require an absolute guaranteed minimum traffic count to justify their construction, which is the reason many states, probably including Illinois, would like one but may aren't sure it will pay.

Farther than that, they just can't start any old place and wind up any old place. They

damp a tremendous load of for passenger as well as war-vehicles onto the road network at either end, and all of that has to be planned and worked out for efficiency too. It wouldn't be desirable for Illinois to build one to the Kentucky border unless Kentucky had an adequate road network to feed traffic into it and take it coming off, which it hasn't.

Soooooo, along comes Eisenhower last week and sort of gathered all the States together to work out a master plan, apparently figuring that the U. S. will be chipping in on the finances. It looks like a pretty good sensible solution to the problem.

If we are looking ahead to defense needs, we must remember that the famous Autobahn system of super-highways in Germany provided excellent high-speed movement of traffic

About Conservation

BY CHARLES MEUNIER

This week, July 23-31, has been proclaimed "National Farm Safety Week" by President Eisenhower. The slogan for this year's safety week is "farm to live-live to farm."

Each year, we may do well to look back at the mistakes we have made to help us to do a better, job of accident prevention in the future.

Fourteen thousand farm people were killed in accidents last year.

One-third of the fatal tractor accidents reported involved persons under 20 years of age. One case in ten was a child under 5 years old.

We are told that a disabling accident strikes some farm person in America every 26 seconds.

on an average. This is a tragic amount of human suffering and death, much of which could be avoided by using a little care.

We all want to be careful because we realize that health, happiness, and well-being depend on it.

Money spent wisely on proper maintenance of buildings and farm equipment is money well spent. It will pay for itself in eliminating suffering and death. It will also pay by keeping up production and reducing property loss and damage.

We can win both ways by preventing accidents.

Farming is a way of life that requires all men and women, physically fit and mentally alert, to do the job.

A good safety record indicates good management and consideration for our fellow men.

FAMILY PICNIC

The Fulton and Palestine Homemakers Clubs will meet together for a family picnic Friday, night, July 23 at 7:00 o'clock. All are urged to attend.

STATE HIGHWAY DEPARTMENT GIVES COUNTY ASSISTANCE

111.7 Miles Of Rural Roads Are Maintained Here

The State Department of Highways gave Fulton County maintenance help on 111.7 miles of rural highways during the fiscal year ending June 30, according to a report by George H. Hailey, director of the State's Division of Rural Highways.

The figure includes all mileage obligated for assistance under Kentucky's program of helping to build and maintain county roads. For this purpose, a fund of \$5,000,000 from the general highway fund is set up each year and projects are decided upon by representatives of the State Department of Highways and county fiscal courts.

The program is entirely separate from the work of the Department of Rural Highways, which builds highways from a fund provided by a two-cents a gallon gasoline tax for rural road mileage involved in Fulton purposes. County was under constant patrol by grading equipment which graded a total of 945.6 miles. There were 54.9 miles patched, 14.8 miles ditched and 41 structures repaired. Structures included bridges and culverts.

Fulton's Paul Durbin Gets Army Promotion

The many friends of Lt. Paul J. Durbin of Fulton will be happy to know of his recent honor and promotion at Fort Hood, Texas. Paul has just been named staff judge advocate of the recently re-activated Fourth Armored Division at Fort Hood.

Colonel Durbin, who attended the Advanced Judge Advocate School at the University of Virginia before his recent assignment at Fort Hood, is a veteran of 11½ years of Army service.

A graduate of the University of Kentucky Law School, he is a member of the Kentucky Bar Association. He was elected State railroad commissioner of Kentucky in 1947, but resigned to accept a Regular Army Commission.

Mrs. Jack Baldwin spent last week end in Rolla, Mo. visiting her parents, Mr. and Mrs. L. E. Callahan.

Wheat Farmers (Continued from Page One)

IF THE VOTE IS "YES" Marketing quotas will be in effect for all farms where the wheat acreage maturing for grain is more than 15 acres. Marketing penalties will apply to all "excess" wheat produced on individual farms. Price support at the effective level will be available to all farmers who comply with their wheat acreage allotments if they also comply with any other crop allotments and total acreage allotments established for their farm.

IF THE VOTE IS "NO" There will be no marketing quotas, and no marketing penalties on "excess" wheat.

Price support, under legislative provisions, will be 50 percent of parity. Any producers who fail to comply with their wheat or other crop allotment, or with a total acreage allotment if one is established for their farms, will not be eligible for price supports. Marketing quotas cannot be in effect without acreage allotments. Acreage allotments, however, can be in effect without quotas, and the controlling legislation provides that wheat acreage allotments are to be established every year unless suspended because of emergency situations.

Acreage allotments, therefore, will be in effect for the 1955 wheat crop, even if marketing quotas should be disproved, but there would be no quota penalties.

Any wheat producer who will have in excess of 15 acres of wheat for harvest as grain in 1955 is eligible to vote in the referendum.

GRADE "A" MILK OPERATORS SET HIGH RECORDS

Ratings Speak Of Good Works In This Area

The operators of Grade "A" Dairy Milk Farms in Fulton County, selling on the Memphis Market, have again made an enviable record in sanitation and bacteria counts for the first six months of 1954, according to a report compiled by H. P. Owen, inspector of dairies in the area of Northwest, Tennessee and West Kentucky, and released by E. C. Handorf, Engineer-Director of the Bureau of Sanitation, Memphis and Shelby County Health Department. There are a total of 483 dairies located in this area. Of these 24 are located in Fulton County and 14 of these have an average bacteria count of 30,000 or less.

Dairy farmers with low bacteria counts on milk and excellent sanitation were a major factor in boosting the recent rating of the Memphis Milkshed above 90%. Over 1500 cities have the standard ordinance but only a small percent score in the superior class along with Memphis. Mr. Handorf said that this excellent rating for Memphis speaks well of the continuous efforts of the Dairy Inspectors working on the program and also indicates the excellent cooperation of the entire Dairy Industry.

The following is a list of these

Honor Roll dairy operators: H. L. Brown, T. V. Perry, W. R. Brown, William P. Sheehan, R. L. Champion, Carl Stroud, Jack Graham, E. W. Sublette, Ben F. Hawks, Chester Wade, O. G. Howell, A. M. Williams, Roy Nethery and Estelle Williams.

Warren's services in the two states east of the Mississippi and listed some 16 or more jobs in those two states on which Warren had worked for the company. Both Warren and Russell testified there was no written contract between Warren and the company but that by verbal agreement Warren was to receive 15 percent of the contract for services rendered the firm.

ILLINOIS CENTRAL
SETS UP BLOOD
SUPPLY BANK

A cooperative blood supply program for Illinois Central employees was announced today by Dr. Ernest C. Olson, chief surgeon of the railroad.

The blood bank has been set up to furnish blood without cost to all employee members of the Illinois Central Hospital Department. The blood reserve will be built up by periodic voluntary contributions from railroad employees in accordance with a schedule. Blood donations will be received at Illinois Central hospitals in Chicago, Paducah and New Orleans. Blood contributions will also be received by local and division medical officers along the railroad and shipped to the Hospital Department in special containers. The program is being supported by the labor organizations as well as by the management of the railroad.

A limited voluntary blood program has been carried on experimentally during the last year to serve as a pattern for a system-wide plan to build up blood reserves for Illinois Central employees.

Union City Firm Is
Awarded Low Contract

At a special meeting of the Fulton City Board of Education Tuesday afternoon, the contract for the proposed Fulton High School heating plant was awarded to Ted Clymer and Company of Union City. The Clymer firm was low bidder with an estimate of \$311,450.00.

The improvements will include a new heating system and two gas furnaces, one of which can be automatically converted to oil. Thus will be concluded another phase of the school improvement and remodeling program adopted by Fulton voters two years ago.

DAIRY FARMERS
TO VOTE ON PLAN
TO ADVERTISE

Dairy Group
Sets Voting Date
For August 21

The state dairy referendum, to determine if dairy farmers favor raising funds for the promotion and sale of dairy products by means of a check-off system, will be held on Saturday, August 21, from 10:00 a. m. to 4:00 p. m. (Standard Time).

This announcement came from the newly created State Dairy Commission at a meeting held today at the Farm Bureau office in St. Matthews. The referendum in each county will be handled by a local committee which will be appointed by the Dairy Commission.

There will be one or more voting places in each county in the state, and the local county referendum committee will help in determining the number of voting places in each county. This will probably be determined by the size of the county and its importance insofar as the dairy industry is concerned.

The Commission's next meeting will be on July 21, at which time final rules and regulations for conducting the referendum will be adopted.

Temporary headquarters for the Commission will be at 640

Mr. and Mrs. Randall Cunningham are happy parents of a fine young lad born at Riverside Hospital in Paducah, Ky., on July 17th. Mr. Cunningham is the former Doris Maxberry, nurse, who was employed at Fulton and Haws-Memorial hospitals and also the Riverside hospital. The Cunninghams have resided in Paducah since Randall was discharged from the service. This is their first-born, and congratulations are in order.

Down at the R. O. Vincent home in Dukedom, the well-known couple, Rube and Maud Vincent are looking forward to their golden wedding anniversary which comes up on October 19th. The open house and celebrating comes up on Sunday, October 17th, so that more relatives and friends can be on hand.

Mr. and Mrs. Vincent, life-long residents of this section, with the exception of a few years they lived in Detroit. They now own the late Dr. Y. Y. Miller house in Dukedom and have one son, M. E. Vincent and family who also reside with them. Mr. and Mrs. Vincent have three granddaughters, Janice, Joy and June, who attend Welsh School.

Mr. B. W. Westbrook continues to improve, and is able to be out some since his return home from Memphis Baptist Hospital.

Funds will be needed for the upkeep of Morgan and Acree cemeteries. Mr. Dave Mathis and grandson, Eugene Lassiter, are busy about the duties of mowing and other care that is required. Both these well-kept cities of the dead are really looking nice despite the extreme dry weather. At Acree, the meeting comes up on Aug. 7, at which time the committeemen will receive and pay the caretakers. At Morgan cemetery, the meet will be held on August 14. So all those interested may be on hand or send your contribution in by the above named dates. Your donation will help a lot and will be appreciated by committeemen.

New, bigger load space! New, lower loading height!

New Chevrolet Trucks...

do more work per day... more work per dollar!

You save on operating costs. The "Thriftmaster 235" engine, the "Loadmaster 235," and the "Jobmaster 261" (optional on 2-ton models at extra cost), deliver greater horsepower plus increased operating economy.

You save extra trips. That's because of extra load space. New pickup bodies are deeper... new stake and platform bodies are wider and longer.

You save time on deliveries. New truck Hydra-Matic transmission saves time and effort at every stop. Optional at extra cost on 1/2-, 3/4- and 1-ton models.

You save with lower upkeep, too. There are heavier

axle shafts in two-ton models, bigger clutches in light-

and heavy-duty models, stronger frames in all models.

You save hours on the road. Thanks to new high-compression engine power, you can maintain faster schedules without driving at higher maximum road speeds.

And your savings start the day you buy. Chevrolet, you know, is America's lowest-priced line of trucks.

Come in and see all the wonderful new things you get in America's number one truck.

Now's the time to buy! Get our BIG DEAL! Save with a New Chevrolet!

Diary of Doin's

—Around Fulton—

A News Reporter writes social happenings about you and your friends.

(Continued from Page One)
Herman Grymes, Jr., has been a guest in the home of Mrs. Ina Little. He and his lovely family live in Oklahoma City. While he was here two of his childhood friends, Dr. Thomas Callahan of Silver Springs, Md. and W. R. Butt, Jr. of Louisville were also visiting in Fulton. Those three boys had a real reunion, we know. 'Twas nice that all three of their visits coincided.

Margaret and Ikey Read flew down from their home in Buffalo, N. Y. Saturday and will spend their vacation with his mother, Mrs. I. H. Read on Jefferson Street. The Read home will be the scene of another family reunion as Lillian Read Lewis and her three children, Nancy, Flournoy and John of Anchorage, Ky. arrived Wednesday for a visit. Read Holland will return next week from a year's study at the University of Sheffield, England so the Reads, the Lewises and the Lawrence Hollands have much in store for them this next week.

Of wide social interest will be the Friday morning party given by Mrs. J. Lee Anderson of Paducah complimenting bride-elect Ann McDade. About sixty-five guests from Fulton, Mayfield and Paducah will attend. Also included on Mrs. Anderson's list will be the many friends of the McDade family who are visiting in Fulton at this time. The party will be between the hours of eleven and one. Assisting Mrs. Anderson will be, Monte Baird, Mary Nell Wright, Ann Holland and Elva Fall—all of Fulton.

The Oswald Craft home out on the Mayfield Highway has been a lively place during the last week because of their many visitors, Mr. and Mrs. Bob Richards of Birmingham, Ala., Roy Donald and daughter, Donna Ann of Long Island, N. Y., Mrs. Lena Walker and daughter, Joan, and Joe David Duke of Benton, and Mrs. Agnes Donald of Hardin, Ky. and Mr. Croft's daughter, Betty of Washington, D. C.

The Larry Carters and daughter, Betty Jane Shelby, left Saturday for a nice vacation. They will visit in Cincinnati, Ironton and Gallipolis, Ohio.

We met "the new Doctor" Jack Blankenship out on the golf course, a few days ago. Dr. Blankenship is affiliated with the Haws Memorial Hospital. His lovely wife, Irene and two young sons, Ty and Terry arrived here last Friday and have moved into the Shepherd house in the Country Club Courts. Irene is a native of Virginia and the doctor hails from Memphis. Fulton extends a cordial welcome to the young couple. (Between us folks... he hits a mean golf ball).

Mr. and Mrs. J. G. Mullins are happy parents this week as their son, Harold and his wife, Mary and children, Judy and Jane of Chicago are here for a visit. The two little girls have been with their grandparents for the past month.

Patsy Fall is able to "be about" again after an illness and the first thing she wanted to do was to have a party. Her cousin Jane, Binford of New Orleans is here so Patsy had a backyard supper honoring Jane on Friday night. The group played games, then had a delicious supper. Later they attended a movie.

Those attending were Lynn Bushart, Elaine Beggs, Sandra Williams, Nancy Bushart, Ophelia Speight and Jane and Patsy. Patsy was assisted by her parents, Mr. and Mrs. Ernest Fall, Jr.

Wendell Norman came in Sunday night after a month's training at Kelly Air Force Base in San Antonio, Texas. Wendell will resume his studies at the University of Kentucky this fall. Margaret and Charles Taylor of St. Louis arrived Friday for a visit with her parents, Judy and Frank Brady at their home on Eddings Street.

Janice Wheeler, has returned from a very interesting trip. She went to Washington to visit two of her childhood friends, Ann Fuzzell and Joanne Ellis. Ann and Joanne both have very good jobs in that fair city, but I do believe Ann probably was the luckiest one. She works at the White House in the office where the mail is channelled to all the offices of the executive branch. How fascinating it must be to handle the correspondence addressed to the president and his lady from the millions of people all over the world. Those clerks in the White House office probably handle 150,000 pieces of mail per day. Besides working in such interesting surroundings, Ann sees many of the visiting celebrities.

For instance, she must have been delighted when she saw Churchill on his last visit to Washington. It was a wonderful trip for Janice but now she is getting "back to reality" as she is trying to make a decision about an offer from Marion, Ohio to teach in the city schools there. Janice received her degree from Murray State in June. Our best wishes go out to all the "youngsters" who are starting out strictly on their own.

On Tuesday there was a golf tournament out at the Country Club with golfers from Mayfield, Paducah Country Club, Paxton Park and Southwood Club, Paducah and Fulton participating. Medalist for the day was Neil Sharp of Mayfield who came in with a score of 43. Margaret Centrell won the honors for Fulton with a 44. Sandra Sluash-meyer from Paxton Park shot a 48. Leslie Talmadge of Southwood had a 52 and Nellie Baaham from Paducah Country Club came in with a 50. Winners for low putts were Margaret Hall, Fulton, Virginia Hale, Mayfield, Wanda Mullinex, Paxton, Nellie Russell, Paducah Country Club and Kathleen Molloy, Southwood. Winners of the "Poker Hand" were Eleanor Allen, Paxton, Florence Paxton, Paducah Country Club, Dorothy Peck,

MISS MILLION
MILLION-CARTER
NUPITALS OF INTEREST
TO FULTON FRIENDS

Of widespread interest in this community is the announcement of the engagement and approaching marriage of Miss Wilma Gray Million, daughter of Mrs. Joel Bartleson Million and the late Dr. J. B. Million of Richmond, Ky. to Mr. James Lee Carter, Jr. of Fulton, son of Mrs. Kenneth Wilder of Dunsmuir, Calif. and James Lee Carter, Sr. of Fulton. He is the grandson of Mr. and Mrs. L. O. Carter.

The bride-elect received her bachelor-of-arts degree from the University of Kentucky. Mr. Carter, also received his bachelor-of-arts degree from the University of Kentucky. She was a member of the Alpha Xi Delta sorority and he a member of Kappa Sigma fraternity. Miss Million and Mr. Carter are both employed by the University of Kentucky. He is working on his Master's degree in Engineering. An August wedding is planned.

Southwood, Sheila Shaw, Mayfield and Wild, Callahan, Fulton.

The ladies of the Presbyterian Church served a delicious luncheon to approximately 108 golfers, luncheon guests and bridge players in the bridge games the following ladies participated; Margaret Read of Buffalo, N. Y., Bobby Bullock, Mayfield, Eleanor Allen, Paducah, Martha Reynolds of Nashville, Susan Murphy of Albuquerque, N. M., Monty Baird, Kathryn Browder, Eora Hill, Elizabeth Burrow, Judy Brady, Mary Nell Wright, Irene Boyd, Ann Holland, Leonard Bushart, Mary Shepherd, Mary Louise Warren and Laverne Varden. High score was won by Bobby Bullock and Martha Reynolds won the Bingo hand.

Mr. and Mrs. Paul Neisler and son Jimmie of Detroit were entertained with a lovely 6 o'clock dinner by Mrs. Ruby Neisler on Monday evening. Other guests were Mr. and Mrs. Leashmon Boulton, Jerry and Sue Brittain, Carolyn and Glenda Boulton. After dinner pictures were made of the group.

Hazel and Garland Merryman

honored their little son, Phillip, on his ninth birthday recently with a picnic supper at the Country Club. After playing many games the little folks gathered around Phillip while he opened his many nice gifts. Everyone had a fine time and we're sure that Phillip did because what is more exciting to a young fellow than a birthday party?

Those attending were Marshall Provine, Jimmie D. Stanfield, Ladd Stokes, Lin Johnson, Ronnie Porter, Mitch Mitchell, Lynn Cravens, Tommy and Norman Harwood, Larry Hewitt, David Fry, Paul McClay, Barry Roper and the honoree, Phillip.

And spicing of birthday parties, two lovely little girls over on Walnut Street celebrated their fourth birthday on Monday. They were Janet Snow and Rebecca Mitchell, daughters of the Jack Snows and the Vyron Mitchells. The joint party was held in the Snow's back yard.

The little guests enjoyed playing on the lawn, and were given paper hats and horns as favors. Ice cream, decorated cup cakes, and iced drinks were served.

After Jan and Becky blew out the four candles on their identical pink-iced birthday cakes, they opened their many gifts. The guest list included Tommy and Gordon Jones, Judy Merryman, Cynthia Homra, Dick and Dave Jones, Paula Provine, Charles Holt, Rebecca McKnight, Sam, Becky and Susan Jones, Max Omar, Carmen Weeks, Mike Gossum, Martha Poe, Sharon Moore, Judy Mullins of Chicago, Jimmy Treas, Tommy Cannon, Debbie Homra, Cathy Campbell, Mary Elizabeth Mitchell, Linda Snow and Robert Burrow.

Mr. and Mrs. Gus Bard returned Sunday night after spending a two weeks vacation at Red Boiling Springs and other east Tennessee places.

Ann McDade, and Carmen Pigue, those two popular bride-to-be were honored at a lovely personal shower on Tuesday afternoon by Sue Easley Byars at her home on West State Line. The guests of honor were given beautiful yellow daisy corsages by their hostess. The shower gifts were cleverly arranged in a decorated parasol. Streamers of gay colored ribbons fell from the pretty rain protector, which was arranged so that Ann and Carmen could receive the showers of gifts together, just as they have shared other things together nearly all their lives. In order to tell which shower of gifts belonged to which bride, the hostess had the parasol divided in two with Ann's picture on one side and Carmen's on the other and the rainfall of gifts for each lovely lady was abundant.

Those who attended were: Jessie Hatfield, Nancy Wilson, Jane White, Virginia Hunt of Mayfield, Janice Wheeler, Mary Ann Brady, Mary Davis Weeks, Fredrica Gibson, Sue Butterfield and Nelle Speight West-mosland and the honorees, Ann and Carmen. Sue served a delicious dessert plate.

Another of the lovely pre-

nuptial parties for Carmen Pigue was a luncheon given by Ruby and Ann McDade at Smith's Rose Room on Wednesday at one o'clock.

The guests were seated at the beautifully appointed table centered with an heirloom silver tureen filled with yellow snapdragons and white Shasta daisies. On each side of the tureen, tall silver candelabra held yellow glowing tapers.

The guest of honor was seated at her place which was marked with a lovely gift from her hostesses. For the occasion she chose an attractive grey embroidered cotton which was adorned with a lovely corsage of yellow snapdragons given to her by Ruby and Ann.

The luncheon, a very gay affair was made more enjoyable by the presence of so mothers and their daughters. Those who attended were: Ramelle Pigue, mother of the bride-elect, Carmen's grandmother, Mrs. J. W. Elledge, her aunt, Rachel Wal-drop, Irene and Jane White, Mary Ethna and Nancy Wilson, Marion Murphy and Cissie Murphy Hatfield, Elsie and Mary Davis Weeks, Mary Latta and Belle Whitesell (whose daughters are out-of-town), Grace and Virene Beard of Martin, Janice Wheeler, Mary Ann Brady, Mary Lee Lyons and Mary Lee Truitt of Lakeland, Fla., Lois Jean Miller of Glenn Falls, N. Y., Martha Reynolds of Nashville, Susan Murphy of Albuquerque, N. M. and Patsy Callahan Dennis of Jacksonville, Fla.

CHESTNUT GLADE HOME DEMONSTRATION CLUB HOLDS JULY MEETING

The Chestnut Glade Home Demonstration Club met at the home of Mrs. Lucy Gibbs for the regular July meeting due to the illness of Mrs. Ada Roades, who had invited the club to meet in her home.

An amusing recreation was led by Mrs. Paul Reams and the Miss Odom gave a very inspiring devotional was given by Mrs. Roberta Westbrook. Teristing report on the "Better Homes Tour" and Mrs. Nona Burke gave a report from the craft school at Dresden.

Mrs. Lydia Rogers presented the following project leaders, who gave interesting reports and demonstrations. Essie Mae Westbrook, Lucy Gibbs, Mrs. Madge Conner and Nona Burke.

Plans were made for the annual August picnic. Miss Odom presented a very interesting and instructive lesson on "Good Grooming".

Refreshments were served to twenty members and two visitors, Mrs. Mary Nell Wright and Miss Sarah Ross.

They are:
Joe Carver Ross, CAYCE;
William B. Campbell, FULTON.

MILADY'S CLOTHES IS FEATURE OF ALL HOMEMAKERS

Homemakers Committee planned a program of equal interest to both the woman who buys and the woman who makes her basic dress.

Fulton County Homemakers made final plans for the major project in the Construction of a basic or semi-tailored dress for the year beginning September 1. Among other lessons on selection is one on how to recognize and achieve a good fit and how to accessorize to give variety.

Some of the goals set were as follows: 1. Develop ability to select and or make well fitted basic dress. 2. Develop enough skill to make a professional looking garment, and 3. Develop ability to select suitable and becoming accessories.

The committee composed of Mrs. Smith Brown, county president; Mrs. Raymond Harrison, county clothing leader; Mrs. Harold Copeland; Mrs. Regina Williams; Mrs. Roy D. Taylor; Mrs. Claude Middleton; Mrs. Ernest Jenkins; and Mrs. James Clay Binkley met in the Hickman Homemakers Club Room July 7th with Miss Verna Laake, Specialist in Clothing from the University of Kentucky and the Home Demonstration Agent, Mrs. W. D. McLeod.

REELFOOT FISH DEALERS FACE HEAVY SENTENCES

Two Charged With Illegal Shipment Of Game Fish

If two Reelfoot Lake fish dealers are convicted of all charges filed against them in their trial in Federal Court at Paducah on October 25 and are fined the maximum penalty, their fines will total \$28,800. Billy Jones, U. S. Assistant Attorney at Louisville, who will prosecute the case, has announced.

Defendants in the suit filed by the U. S. Fish and Wildlife Service are Marvin Hayes, Hayes Fish Company, Samburg, Tenn., and Elbert T. Spicer, operator of Spicer Fish Company, Hornsbeck, Tenn. Hayes was named in 108 counts involving shipments of crappie, sunfish and striped yellow bass from Fulton, Ky., to St. Louis and Chicago fish houses. Spicer was named in 38 similar counts. In addition to the fines each count could carry a prison sentence of three months. Should the maximum penalties be imposed, the cases would comprise the largest in the history of law enforcement by the U. S. Fish and Wildlife Service and the law enforcement divisions of Kentucky and Tennessee.

Charges against the Tennesseans resulted after Stat. and Federal enforcement officers intercepted shipments of crappie in St. Louis from both the Hayes and Spicer Companies. According to Williams, only a small number of the crappie were tagged in accordance with Tennessee law. In addition, a Federal game management agent in St. Louis reported an illegal shipment of black bass, a violation of Federal law. Williams, Hammond, Soaper and other officers also turned over other evidence to the U. S. Attorney.

FIRST FIELD MEET OF ANGUS BREEDERS TO BE ON JULY 31

The future of the cattle business, plus demonstrations on type and a new foot-trimming table, will feature the first annual Field Day meeting of the Kentucky Lake Aberdeen-Angus Breeders Association on Saturday, July 31.

The session will be held at the A. F. Doran and son farm on Route 94 near Murray. Ralph McManigal, state Aberdeen-Angus fieldman, said today. The affair opens at 9:30 a. m. (CST). A feature of the all-day meeting will be a talk by H. M. Conway, Chicago, director of research for the National Livestock Producers Association. Conway prepares market service reports twice monthly, and is a regular producer of reports on supplies, price curves, livestock conditions, consumer demand, and trends for the livestock industry.

Conway will head the list of afternoon speakers. Other prominent livestock industry men who will address the group include Lyle Springer, assistant secretary of the American Aberdeen-Angus Breeders' Association, who will discuss "Know Your Aberdeen-Angus Cattle Better"; Vern Kerchberger, Chicago, fieldman for the national association; Floyd Dievert, Garrard County Angus raiser; Arlie Scott, assistant professor of animal husbandry at Murray State College.

Bill McSpadden, Chilhowie, Va., secretary of the American Aberdeen-Angus Futurity, will give a type demonstration. A foot-trimming table will be demonstrated by the Breeders Supply and Equipment Co. of Lexington.

McManigal said the morning program will include judging rings for adults, FFA youths and 4-H youngsters. Special prizes will be given in each of these divisions, he said.

A beef barbecue "with all the trimmings" will be served at noon by Doran, McManigal said.

Patting On the Dog

"Annie Mae," said the mistress of the house, finally giving way to curiosity. "I notice you have been taking our empty grapefruit hulls home with you. What do you do with them?" The negro maid looked up at her mistress with a sheepish grin. "Yeh'um," she admitted "I've been carrying 'em home. I think they make my garbage look so stylish."

PATRICIA LATANE

Dear Patricia Latane:

Last year, I had some serious family trouble. My people were all against me. Please tell me if it was my fault, or their's, as this has worried me quite a bit. Will we be able to sell our place this year and get one we have planned. This is something I've always had a desire to do. Is it the right thing to do?

I thank you,
F. M. P.

Dear F. M. P.

Stop worrying about trouble in the past. Put last year's worries behind you. You know that it takes two sides to make a quarrel, so remember that and just do your part where your family is concerned. I think buying a new place would be just the thing to do, - a change never hurt anybody.

she has all ways seemed like she loved me until just here lately. Are there someone trying to turn her against me and will they turn her away from me. Will she stay with me or will she leave me for the ones I think are trying to get her to come to them. She is going with a nice boy and she loves him. Will they get married, if so when. Will I ever marry again more, if so when and who. Have I ever met him?

H. W.

Dear H. W.
Adverse forces are at work, but this girl loves you and will stay with you for awhile yet. However, she will marry the nice boy she is going with within the next year. I see only happiness in their lives throughout the coming years. You will not marry again for at least two years. You have not met the man as yet, but will do so when you least expect it.

LEAVES FROM A KENTUCKY COOK BOOK

CAT-FISH CHOWDER

Wash the fish in warm water, put it on in just water enough to cover it, boil until tender or until the bones will slip out; take out the largest bones, chop up the fish, put it in a stewpan. Add a pint of water, a large lump of butter, together with the following:

- 1 cup cream
- Pepper and not much salt
- 1 onion
- 1 teaspoonful mustard
- 3/4 teaspoonful walnut catsup

Stew until quite thick, garnish with sliced lemon and serve hot with mugs of tasty, foam-capped beer. With fish, fresh caught and served piping hot, Kentucky's favorite beverage of moderation has no flavor equal.

The sale of beer under orderly conditions is an important objective of your brewing industry. Our continuing educational program helps beer retailers maintain their high standards.

THE DERBY CAFE takes pleasure in announcing the introduction of CHINESE FOODS to Fulton

UNDER THE DIRECTION OF MAN Y. LEE

Some people have never tasted the delightfully exotic Chinese dishes that a good Chinese cook knows how to prepare, and to those, as well as to all the public, the Derby says "Come in this evening for a new kind of eating enjoyment". Select an appetizing dish on our Chinese menu for a tasty, hot-weather treat that will offer you a happy variety from your usual standard dishes.

To maintain the high standard of foods that has made the Derby a favorite restaurant in Western Kentucky and Tennessee, we have installed a special Chinese Food range in our kitchen, and combed the mid-west for the best Chinese cook that could be found. You will find our Chinese food to be well-prepared and as delicious as the other meals on our regular menu. Enjoy this new superb service, tonight!
